Background

It was proposed in the Bi-monthly Monetary Policy Statement in April 2018 that non-residents shall be given access to the Rupee Interest Rate Derivative (IRD) market in India. The draft directions in this regard propose non-residents’ access to IRD market, allowing non-residents to hedge their Rupee interest rate risk flexibly using any available IRD instrument. Non-residents will also be permitted to participate specifically in the Overnight Indexed Swap (OIS) market for purposes other than hedging. The draft directions in this regard is being issued for public feedback.
