RE : Revised Estimates. BE : Budget Estimates.

* : Data on capital receipts are net of repayments.

: From 1993-94 onwards, includes normal market borrowings, other medium and long-term borrowings and short-term borrowings (364-day Treasury Bills).

+ : Since 1998-99 represents State provident fund only. Thereafter Public Provident Fund is clubbed under Small Savings.

Note : In the Union budget 1999-2000 a National Small Saving Fund has been created in the Public Account of India . Under the new accounting system, investments from the Fund would be made in Central and State Government securities as per the norms decided from time to time by the Government of India. Therefore the figures for Small Savings and Provident Fund since 1999-2000 relate to Centre's Small Savings only and prior to this period the figures represent both Centre and States/UTs together. Also see Notes on Tables.
