EXPLANATORY NOTES

I. General
   A. The publication, “Statistical Tables Relating to Banks in India 1979-2009” in CD-ROM format, provides bank-wise and bank group-wise data and ratios based on annual accounts submitted by Scheduled Commercial Banks (SCBs) and also bank group-wise data and ratios based on final Form ‘A’ submitted by SCBs under Section 42(2) of RBI Act, 1934.
   B. Data on number of employees have been collected from Indian Banks’ Association (IBA). These are available from 1979 onwards; however, there are some data gaps in the bank-wise data either due to non-availability or due to the fact that some of the banks were not members of IBA for the said year(s).
   C. The data presented in balance sheet, profit & loss accounts, and Form ‘A’ can be extracted in any unit, viz., Rs. thousand, Rs. lakh, Rs. million, Rs. crore and Rs. billion, as per the choice of the user. The unit, one lakh is equal to 1,00,000 and one crore is equal to 100 lakhs.
   D. Scheduled Commercial Banks are categorised in five different groups according to their ownership and / or nature of operation. These bank groups are: (i) State Bank of India and its Associates, (ii) Nationalised Banks, (iii) Regional Rural Banks, (iv) Foreign Banks, and (v) Other Scheduled Commercial Banks (in the private sector). The CD-ROM provides aggregate data for different bank groups.
   E. The public sector bank IDBI Ltd. is included in the group of Nationalised Banks.
   F. For ease of comparability and presentation, the six banks which got nationalised during the year 1980 are kept under the 'Nationalised Banks' group throughout the period including 1979. However, at the bank group level, the totals include these banks in Other Scheduled Commercial Banks group and Nationalised Banks group, respectively, in the years 1979 and 1980.
   G. Total expenses shown in profit & loss account is the sum of interest expenses and operating expenses. The profit figure is computed by subtracting total expenses and provisions and contingencies (including income tax, wealth tax, fringe benefit tax and deferred tax liabilities) from total income of the bank.
   H. The formats of balance sheet and profit & loss accounts for the years 1979-1991 are different from the ones effective from 1992. Accordingly, several details are not available for the years 1979-1991. Hence, a few adjustments in data have been made to maintain uniformity of presentation; the details of which are given in Section II below.
   I. Bank group-wise totals may not add up to the individual bank’s totals due to rounding off.
   J. As data are not available uniformly for all banks / items across the entire period, against such entries, the notation 'NA' (Not Available) is used.
K. As some banks do not exist during the period, against such banks, the notation ‘NE’ (Non Existence) is used.

L. The notation ‘0’ denotes nil or negligible.

The above list gives a limited coverage of mergers and de-scheduling of banks; it is not an exhausting list for the full period covered by the CD-ROM.

N. Definitions of the concepts used in the ratios are as follow:

1. Cash in cash-deposit ratio includes cash in hand and balances with RBI.
2. Investments in investment-deposit ratio represent total investments including investments in non-SLR securities.
3. Net interest margin is defined as the total interest earned less total interest paid.
4. Intermediation cost is defined as total operating expenses.
5. Wage bills is defined as payments to and provisions for employees (PPE).
6. Operating profit is defined as total earnings less total expenses, excluding provisions and contingencies.
7. Burden is defined as the total non-interest expenses less total non-interest income.

O. Definitions of the ratios are as follows:

1. Cash-Deposit ratio = (Cash in hand + Balances with RBI) / Deposits
2. Ratio of secured advances to total advances = (Advances secured by tangible assets + Advances covered by bank or Govt. guarantees) / Advances
3. Ratio of interest income to total assets = Interest earned / Total assets
4. Ratio of net interest margin to total assets = (Interest earned - Interest paid) / Total assets
5. Ratio of non-interest income to total assets = Other income / Total assets
6. Ratio of intermediation cost to total assets = Operating expenses / Total assets
7. Ratio of wage bill to intermediation costs (Operating Expenses) = PPE / Operating Expenses
8. Ratio of wage bill to total expenses = PPE / Total expenses
9. Ratio of wage bill to total income = PPE / Total income
10. Ratio of burden to total assets = (Operating expenses - Other income) / Total assets
11. Ratio of burden to interest income = (Operating expenses - Other income) / Interest income
12. Ratio of operating profits to total assets = Operating profit / Total assets
13. Return on assets = Net Profit / Total Assets
14. Return on Equity = Net Profit / (Capital + Reserves and Surplus)
15. Cost of Deposits = IPD / Deposits
16. Cost of Borrowings = IPB / Borrowings
17. Cost of Funds = (IPD + IPB) / (Deposits + Borrowings)
18. Return on Advances = IEA / Advances
19. Return on Investments = IEI / Investments
20. Return on Advances adjusted to Cost of Funds = Return on Advances – Cost of Funds
21. Return on Investment adjusted to Cost of Funds = Return on Investments – Cost of Funds

The above ratios, presented in per cent, may differ from the ratios published in the publication, “Statistical Tables Relating to Banks in India” at bank group level.

Abbreviations used in the above definitions are as follows.
PPE = Payment to and provisions for employees
IPD = Interest paid on deposits
IPB = Interest paid on borrowings from RBI and other agencies
IEA = Interest earned on advances and bills
IEI = Interest Earned on Investments

   3) Interest paid on deposits, on borrowings from RBI / banks and on others separately (1979 to 1991);
   
   4) Under operating expenses, only payments to and provisions for employees (salaries) are available. Other items like rent, taxes, lighting, printing, depreciation etc. are not available (1979 to 1989);
   
   5) Data on provisions and contingencies are not available separately. As such, the figure shown under profit is gross profit, that is, before adjusting for provisions and contingencies (1979 to 1991).
   
   6) In case of Regional Rural Banks for the period 2005-2009, the sub-item miscellaneous income of the item income includes income earned by way of dividend from subsidiaries and miscellaneous income.

C. Final Form ‘A’ under Section 42 (2) of RBI Act, 1934

1. Liabilities to the ‘banking system’ and to ‘others’ in India

Liabilities to the ‘banking system’ as well as to ‘others’ can be divided into three heads, namely, (a) demand and time deposits, (b) borrowings and (c) other demand and time liabilities.

a) Demand and time deposits:

Demand deposits consist of (i) current deposits, (ii) demand liabilities portion of saving bank deposits, (iii) margins held against letter of credit/guarantees, (iv) balances in overdue fixed deposits, cash certificates and cumulative/recurring deposits, (v) outstanding telegraphic transfers, mail transfers and demand drafts, (vi) unclaimed deposits, (vii) credit balances in the cash credit accounts and (viii) deposits held as security for advances which are payable on demand.

Time deposits consist of (i) fixed deposits, (ii) cash certificates, (iii) cumulative and recurring deposits, (iv) time liabilities portion of saving bank deposits, (v) staff security deposits, (vi) margins held against letters of credit if not payable on demand, (vii) fixed deposits held as securities for advances and (viii) India Development Bonds and Resurgent India Bonds.
b) Borrowings:

Borrowings from banks comprise (i) inter-bank borrowings and (ii) Inter-bank deposits at call or short notice not exceeding 14 days.

Borrowings from ‘others’ represent total borrowings from outside the ‘banking system’. Money at call and short notice obtained from Life Insurance Corporation of India, Unit Trust of India, etc., are also included. Borrowings from Reserve Bank of India, Industrial Development Bank of India (till its conversion into a bank), National Bank for Agriculture and Rural Development, Export Import Bank are excluded from this item.

c) Other demand and time liabilities:

Other demand and time liabilities comprise (i) interest accrued on deposits, (ii) bills payable, (iii) unpaid dividends, (iv) suspense account balances representing amounts due to other banks or public, (v) participation certificates issued to other financial institutions other than banks, (vi) any amount due to the ‘banking system’ which are not in the nature of deposits or borrowings. Such liabilities may arise due to items such as collection of bills on behalf of other banks, interest due to other banks, etc. If a bank cannot segregate the liabilities to the ‘banking system’ from the total of ‘other demand and time liabilities’, the entire ‘other demand and time liabilities’ are treated as liability to ‘others’.

2. Cash in hand

Cash in hand represents notes and coins held by banks. Currencies of foreign countries are not included.

3. Assets with the banking system

Assets with the banking system comprise (a) balances with the ‘banking system’ in current account, (b) balances with other banks in other accounts, (c) money at call and short notice (This represents funds made available to the ‘banking system’ by way of loans or deposits repayable at call or short notice of 14 days or less), (d) advances to banks (This represents the loans other than ‘money at call and short notice’ made available to the ‘banking system’. Participation certificates purchased are also included here) and, (e) other assets - any other amounts due from the ‘banking system’, which cannot be classified under any of the above four items. For example, in the case of inter-bank remittance facilities scheme, the total amount held by a bank with other banks (in transit or other accounts) are included under other assets as such amounts cannot be construed as balances or call money or advances.

4. Investments in India

Investments indicate the total investments in (a) government securities and (b) other approved securities.
(a) Investments in government securities consist of (i) central and state government securities including treasury bills, (ii) treasury deposit receipts, (iii) treasury savings deposit certificates, (iv) postal obligations such as national plan certificates, national savings certificates, etc. and (v) government securities deposited by foreign scheduled banks under Sec. 11 (2) of Banking Regulation (BR) Act, 1949.

(b) Investments in other approved securities comprise (i) securities of state associated bodies such as electricity board, housing board and corporation bonds, (ii) debentures of land development banks, (iii) units of Unit Trust of India and (iv) shares of Regional Rural Banks, etc., which are treated as approved securities under Sec. 5 (a) of BR Act, 1949.

5. Bank credit in India (excluding inter-bank advances)

Bank credit in India is the total of three items, viz., (a) loans, cash-credits and overdrafts, (b) inland bills – purchased and discounted and (c) foreign bills – purchased and discounted. Bills (inland and foreign) rediscounted with the Reserve Bank of India, Industrial Development Bank of India and other financial institutions are not included under this head.

a) Loans, cash-credits and overdrafts comprise (i) demand loans, (ii) term loans, (iii) cash-credits, (iv) overdrafts, (v) packing credit, etc., granted to constituents (other than banks) and (vi) any other type of credit facilities other than by way of bills purchased and discounted.

b) Inland bills – purchased and discounted: Under this, inland bills drawn and payable in India including demand draft and cheques purchased are covered.

c) Foreign bills – purchased and discounted: Foreign bills covering all export and import bills purchased and discounted in India as also cheques, demand drafts drawn in foreign currencies and paid by banks’ offices in India are included under this item.
