V. RESERVE BANK OF INDIA PUBLICATIONS A265-A269

INTRODUCTION

The Statistical Tables relating to Banks in India for the year 1972 is the thirty-first edition since the publication was taken over by the Reserve Bank of India from the Government of India in 1941. The publication covers all commercial banks operating in India including those registered abroad.

2. The number of banks covered in the 1972 Statistical Tables and the comparative data for the preceding five years are indicated below :

* Commercial banks which carry on business of banking in India and which (*a*) have paid-up capital and reserves of an aggregate real or exchangeable value of not less than Rs. 5 lakhs and (*b*) satisfy the Reserve Bank of India that their affairs are not being conducted in a manner detrimental to the interests of their depositors are eligible for inclusion in the Second Schedule to the Reserve Bank of India Act, 1934, and when so included are known as 'scheduled commercial banks'.

† Two foreign commercial banks viz., Habib Bank Ltd. and the National Bank of Pakistan Ltd., which have been under the Custodian of Enemy Property since September 7, 1965, have been exempted from filing returns for Statistical Tables with effect from 1966. However, their offices have been included in Appendices I and II and Tables 27, 31, 32, 34 and 36.

All the scheduled and non-scheduled commercial banks functioning at the end of 1972 have been covered in the 1972 Statistical Tables, except two Pakistani banks which are under the Custodian of Enemy Property since September 7, 1965. During 1972, the number of functioning Indian scheduled commercial banks increased from 60 to 61 due to inclusion of the newly established Purbanchal Bank in the Second Schedule to the Reserve Bank of India Act, 1934. The number of foreign commercial banks was reduced from 14 to 13 as a result of the merger of the business of the Hongkong and Shanghai Banking Corporation with that of the Mercantile Bank. The number of functioning non-scheduled commercial banks at the end of 1972, however, remained unchanged at the previous year's level, *i.e.* 9.

3. As in the earlier issues, the publication is divided in three parts : (i) Summary Tables, (ii) Detailed Tables and (iii) Appendices. The Summary Tables give the consolidated position in respect of the important items of liabilities

and assets of different classes of banks and other aspects of their working, while the Detailed Tables give such particulars for individual banks. The Appendices portion of this publication gives other useful information, such as, the names of the banks, the location of their branches (centre-wise and State-wise), Indian commercial banks' offices abroad and the particulars of their foreign correspondents, members and sub-members of the clearing houses, etc. As in the earlier issues, names of co-operative banks including those of urban co-operative banks with capital and reserves of Rs. 1 lakh and over are listed in Appendix I and also covered in tables showing the distribution of banking offices by population groups and States. The Appendix on District-wise and Centre-wise details of Offices, Deposits and Bank Credit of Commercial Banks (published in the previous editions of the Statistical Tables) has, however, been discontinued from this year, since this information in respect of scheduled commercial banks for December 1972 has already been published in Volume I of Banking Statistics collected under the Basic Statistical Returns (BSR) System.

4. The data presented in this publication relate only to the operations of the commercial banks—both scheduled and non-scheduled. Wherever feasible, the data in respect of scheduled commercial banks have been presented separately for (i) State Bank of India, (ii) Subsidiaries of the State Bank of India,* (iii) 14 Nationalised Banks, (iv) Other Indian Scheduled commercial banks and (v) Foreign scheduled commercial banks. A combination of the first three groups would give the data for public sector banks as a whole.

5. The item 'Balance of Profit' shown in certain tables of this publication needs some clarification. While some commercial banks show in their balance sheets the balance of profit carried forward to the next year's account *after making various appropriations* for the year (as for example, transfers to reserves and provisions for other known liabilities), others show the amount as carried forward to next year *without making such allocations*. In the case of the latter, the necessary appropriations are done in the next year's account. However, with a view to ensuring the uniform presentation of data for all the banks, the item 'balance of profit' for the year is shown *net* of appropriations on the basis of details available in the Directors' Annual Reports of the concerned banks. Thus, except in Table 10 which is compiled from the profit and loss account, in all other tables 'balance of profit' represents the balance carried forward into the next year's account, after making all appropriations for the year, and therefore would not be comparable in all the cases with the corresponding item given in the banks' balance sheets. In the case of the 14 Nationalised banks, the balance of profit is to be transferred to the Government of India in terms of Section 10(7) of the Banking Companies (Acquisition and Transfer of Undertakings) Act, 1970. Since this amount does not represent the profit carried to next year's account, it is included under 'other liabilities'.

6. Tables 5, 6, 53, 54 and 55 relating to the liabilities and assets of commercial banks have been compiled on the basis of data reported in the Special Return on Form A-1 submitted by the banks and they relate to December 31. However, Table 4 gives details of liabilities and assets of different bank-groups as reported in their balance sheets. Therefore, the figures of assets and liabilities given in this Table may not tally with those in the tables based on Form A-1. Unlike the classification of deposits into 'fixed', 'savings', 'current' and 'others' adopted in the banks' balance sheets, deposits are classified in the Special Return (A-1) under three categories *viz.* 'fixed', 'savings' and 'current'. In the balance sheet classification, current deposits include contingency accounts, whereas for the purpose of

---

* These are the State Banks of (i) Bikaner and Jaipur, (ii) Hyderabad, (iii) Indore, (iv) Mysore, (v) Patiala, (vi) Saurashtra and (vii) Travancore.

Special Return (A-1) contingency accounts are segregated from current accounts and included in 'other liabilities'. Further, in the balance sheet, employees' provident fund deposits, staff security deposits, etc. are classified as 'other' deposits, whereas in Special Return (A-1) such deposits are treated as 'other liabilities'. Similarly, in the A-1 return, the item 'reserves' means 'free' reserves and therefore, it does not include provisions made for specific purposes, such as, investment depreciation fund, sinking fund, reserves for bad and doubtful debts, provision for dividend, taxation, pension, provident fund, gratuity, etc. and funds set aside for charity. In all tables based on Special Return (A-1), these provisions are treated as 'other liabilities.' The figures of 'profit made during the year' are shown in these tables after deducting the provisions made for taxation, gratuity and bonus to staff during the year.

7. The data collected under some of the Banking Surveys conducted by the Economic Department of the Reserve Bank are being presented in this publication since 1965. These relate to the 'Survey of Investments' and 'Survey of Ownership of Deposits' of the scheduled commercial banks both as on March 31 and the relative data are given in Tables 12, 14, 15 and 16. Table 40, introduced in the 1968 edition, gives details of deposits and credit of scheduled commercial banks according to population groups for the years 1961, 1966 and 1970 to 1972. The data for earlier years in this table are based on the Monthly Survey of Deposits (M-1) and Security-wise Survey of Advances (Form 7) both of which have since been discontinued. For 1971 the data are based on the Special Return on Form A-1 and those for 1972 on BSR 1 and 2. This publication also contains some tables (No. 17 to 19, 37, 38 and 39), which are drawn from the data collected under the first return of Basic Statistical Return system (BSR) introduced by the Reserve Bank in December, 1972, replacing the earlier Uniform Balance Book system (UBB).

8. Certain tables were introduced in this publication in 1970 and 1971 to bring out the progress of new policy directions given to banking after the nationalisation of the major banks. These relate to (i) Advances to priority sectors (Tables 20 to 25); (ii) Deposits and Credit of Offices opened after nationalisation (Table 38); (iii) State-wise details of Commercial Banks' Investments (Table 13); (iv) State-wise figures of commercial bank employees according to categories of staff (Table 11); (v) Performance of Lead banks in branch expansion (Table 41); and (vi) Safe Deposit Vault facilities provided by commercial banks (Table 50).

9. The provision of such information has been extended with the addition this year of two new tables relating to (i) Advances under the Differential Interest Rates Scheme (Table 26) and (ii) State-wise pattern of deposits and credit of new offices (Table 39). Other tables introduced this year seek to provide further details of bank credit and deposits. These are— (i) Occupation-wise bank advances (Table 17) and (ii) Maturity pattern of fixed deposits (Table 16).

EXPLANATORY NOTES TO THE TABLES

10. Table 1— **Liabilities and Assets of the Reserve Bank of India, 1968-72:** The figures are based on the weekly Statement of Affairs of the Issue and Banking Departments and relate to the last Friday of the calendar year.

11. Tables 2 and 3— **Consolidated Position of Scheduled Commercial Banks, 1972:** The data are compiled from the weekly returns submitted by the scheduled commercial banks under Section 42 (2) of the Reserve Bank of India Act, 1934 and relate to their business in the Indian Union. Data on banks' borrowings from the Reserve Bank of India are, however, as per Reserve Bank records. Table 2 shows data for the scheduled commercial banks as a whole, whereas in Table 3 they are shown bank-group-wise.

12. Table 4— **Liabilities and Assets of Different Classes of Commercial Banks, 1971 and 1972 :** The Table shows bank-group-wise details of liabilities and assets as given by the banks in their balance sheets and therefore, they will not tally with the figures of liabilities and assets of commercial banks given in other Tables (*i.e.* No. 5, 6, 53,54 and 55), which are based on the Special Return on Form A-1 (for particulars please see para 6 above). The data in Table 4 relate to total business (including that of overseas offices) of the Indian commercial banks and the business in India of foreign banks.

13. Tables 5 and 6 — **Liabilities and Assets of Different Classes of Commercial Banks, 1970-72 :** These tables present in a consolidated form the more important items of liabilities and assets of different bank-groups culled out from the detailed data for individual banks given in Tables 53, 54 and 55. In Table 5, figures in respect of Indian banks relate to their total business (including that of their overseas offices) and those in respect of foreign banks relate to their business in India. In Table 6, however, the data relate only to Indian commercial banks and their business in India. As stated earlier, the data reported in Tables 5 and 6 will not tally with those given in Table 4 since the information in the former tables is compiled from the Special Return on Form A-1 (for particulars please see para 6 above).

14. Table 7 — **Liabilities and Assets in Foreign Countries of Indian Scheduled Commercial Banks, 1971 and 1972 :** The data are compiled from the monthly returns submitted by the banks relating to their foreign business. As the offices of Indian commercial banks in Pakistan were taken over by the Custodian of Enemy Property (Pakistan) in 1965, no returns have been received in respect of these offices. The status of the properties of the offices in Bangladesh, which were formerly vested with the Custodian of Enemy Property (Pakistan), remains unchanged. Therefore, this table does not give figures relating to the business of Indian banks in Bangladesh and Pakistan.

15. Tables 8 and 9 — **Earnings and Expenses of Commercial Banks, 1970-72 :** These tables are compiled from the data available in Special Return on Form A-2 submitted by banks. The information for Indian commercial banks given in these tables relates to their total business, while that for foreign banks relates only to their business in the Indian Union. The item 'balance of profit' shown in these tables represents profit *prior* to providing for taxation and gratuity and bonus to staff uniformly in case of all banks and it will, therefore, be higher than the figure of profit made during the year shown in Table 5. The balance of profit to be transferred by the 14 nationalised banks to the Government under Section 10(7) of the Banking Companies (Acquisition and Transfer of Undertakings) Act, 1970 is shown against item XIV(c) of Table 8 *i.e.* dividend, bonuses, etc. to shareholders.

16. Table 10 — **Income, Expenditure and Profits of Different Classes of Scheduled Commercial Banks, 1971 and 1972 :** This table is compiled from the profit and loss accounts as published by the banks in their annual reports. As such, the data in this table will not tally with those shown in Tables 8 and 9, which are based on Special Return on Form A-2. In Table 10, data are given separately for each of the public sector banks, while those in respect of 'Other Indian Scheduled Commercial Banks' and 'Foreign Banks' are given for the group as a whole.

17. Table 11—**Distribution by State of Number of Employees of Commercial Banks According to Categories of Staff, 1972:** This table is based on the data specially collected from the commercial banks along with their Special Return on Form A-2 and relates to the position as on December 31, 1972. As State-wise

information on the number of staff employed was not received in time from (*i*) Allahabad Bank, (*ii*) Central Bank of India, (*iii*) Narang Bank of India and (*iv*) Punjab National Bank, the data in respect of these banks are based on BSR-2 for December 1972 submitted by these banks in respect of their *reporting* offices.

18. Tables 12 and 13 — **Investments of Scheduled Commercial Banks :** The data in Table 12 are based on the Survey of Investments and relate to the position as on March 31 of 1961, 1966 and 1970 to 1972. Table 13 gives State-wise investments of the scheduled commercial banks in State Government securities and shares, bonds and debentures of the State-associated bodies as on the last Friday of March 1971 and 1972. These data are based on the Special Return submitted by the banks to the Credit Planning Cell.

19. Tables 14 to 16—**Ownership of Deposits with Scheduled Commercial Banks, 1961-72 ; Deposits of Scheduled Commercial Banks at Various Rates of Interest, 1971 and 1972; and Maturity Classification of Fixed Deposits with the Scheduled Commercial Banks, 1967-72:** The data presented in these tables are based on the information made available by the banks on Form A-4 and relate to March 31, except for 1961 which pertain to the position as on April 28. The data on deposits shown in Table 15 are excluding inter-bank deposits. Table 16 introduced this year shows data on maturity classification of fixed deposits, which are available only since March 1967. In Tables 14 to 16, figures in respect of the State Bank of India have been partly estimated due to non-receipt of their return in time.

20. Table 17—**Distribution of Outstanding Credit of Scheduled Commercial Banks According to Occupation, 1972 :** The table has been re-introduced this year. The data in this table are compiled from the information available in Basic Statistical Return – 1 as on the last Friday of December 1972.

21. Table 18—**Advances of Scheduled Commercial Banks According to Size of Loan, 1972 :** The data presented in this table are compiled from the information furnished by the banks in BSR-1 as on the last Friday of December 1972 and relate to accounts with credit limits of over Rs. 10,000.

22. Table 19 — **Advances of Scheduled Commercial Banks at Various Rates of Interest, 1971 and 1972 :** The data for 1971 in this table are compiled from the information furnished in the Uniform Balance Book returns (UBB). Data for 1972 are, however, based on the information available in Part A of the Basic Statistical Return — 1 and they relate to accounts with credit limits of over Rs. 10,000.

23. Tables 20 to 25—**Scheduled Commercial Banks' Advances to Priority Sectors :** The data for Tables 20 and 21 are compiled by the Department of Banking Operations and Development and those for Table 22 by the Industrial Finance Department on the basis of quarterly statements on advances to priority sectors received by them from scheduled commercial banks. Tables 23 to 25 give such data in respect of individual public sector banks as published by them in their Annual Reports or specially collected from them.

24. Table 26 — **Advances of Public Sector Banks under the Scheme of Differential Rates of Interest, 1972 :** This is a new table based on information published by the individual public sector banks in their Annual Reports and relates to December 31, 1972.

25. Table 27 —**Offices of Scheduled and Non-Scheduled Commercial Banks in India, 1968-72:** The table shows the number of offices of scheduled and non-scheduled commercial banks in India (bank-group-wise) as reported by them in Special Return on Form A-1. The table excludes banks' offices not transacting banking business.

26. Table 28 — **Offices of Indian Commercial Banks outside the Indian Union, 1968-72 :** This table is compiled on the basis of information furnished to the Department of Banking Operations and Development and to the Economic Department in Special Return on Form A-1. The table includes offices in Pakistan taken over by the Custodian of Enemy Property (Pakistan) in September 1965 and those in Bangladesh.

27. Tables 29 and 30 — **Distribution of Offices of Commercial Banks According to Rural, Semi-urban and Urban Centres, 1972 (Bank-group-wise and State-wise) :** The data are compiled by the Department of Banking Operations and Development on the basis of monthly statement on offices opened/closed and relate to December 31, 1972.

28. Table 31 — **Distribution by Population Groups of Offices Opened or Closed by Commercial Banks, 1972:** The data in this table are presented bank-group-wise and according to population groups.

29. Tables 32 to 34 —**Distribution of Offices of Commercial and Co-operative Banks in Different States According to Population Groups, 1972:** Tables 32 and 33 give the number of offices of Commercial and Co-operative banks State-wise and the number of places classified according to population groups *viz.* rural, semi-urban, urban and metropolitan. Table 34 shows these data on a consolidated basis according to bank-groups. In these tables, the information about offices of commercial banks is based on A-1 returns filed by them and in respect of co-operative banks it is based on their returns on Form VI submitted to the Agricultural Credit Department. Data in respect of commercial banks are as on December 31, 1972 and those in respect of co-operative banks relate to March 31, 1973. For the purpose of classifying centres with banking offices into four population groups, the population figures in respect of towns have been taken from Part I of Census of India, 1971 (Supplement) and in respect of other centres from the data supplied by the Census Superintendents of different States and Union Territories. Wherever 1971 census figures are not available, 1961 census figures are utilised. In Table 34, figures of average population per office under each population group are arrived at by dividing the total population of the concerned place by the total number of bank offices (commercial and co-operative) in each group. The average population per banking office for the Indian Union as a whole is worked out on the basis of the country's final population figures based on the 1971 census. Offices situated at places for which population figures, whether 1961 or 1971, are not available are treated as 'rural' centres.

30. Tables 35 and 36—**Distribution by State of Offices, Deposits and Bank Credit in India of Commercial Banks, 1971 and 1972 :** Table 35 gives data in respect of non-scheduled commercial banks only, while in Table 36 data are given for scheduled commercial banks. The data for Table 35 are based on the information furnished by the non-scheduled commercial banks in the Special Return on Form A-1. In Table 36 also, 1971 data are based on Special Return on Form A-1; those for 1972, however, are compiled from the BSR 1 and 2 filed by these banks as on the last Friday of December, 1972. The data on number of offices exclude administrative, seasonal and temporary offices of commercial banks.

31. Table 37 —**State-wise Distribution of Deposits and Bank Credit of Scheduled Commercial Banks, 1972 :** The data for this table are compiled from the BSR 1 and 2 and they relate to the last Friday of December, 1972.

32. ‡ The business of the Hongkong and Shanghai Banking Corporation in India was acquired by the Mercantile Bank with effect from October 1, 1972.
