INTRODUCTION

The Statistical Tables relating to Banks in India for the year 1955 which is the *fourteenth* in the series since the publication was taken over by the Reserve Bank in 1941, covers the banks functioning in the Indian Union, whether registered in the Indian Union or outside. The presentation of the statistics is generally on the same lines as in previous issues. The tables have been divided into two parts—Summary and Detailed. The Summary Tables present a consolidated picture of the more important liabilities and assets of the several classes of banks. The details of the liabilities and assets of each individual bank are given in the Detailed Tables. Figures for the earlier years have been revised wherever more recent data were available.

2. The number of banks covered by the Tables is as follows :—

(The variations in the number of banks are due to revised classification, closure, liquidation and cessation of banks to be banking companies.)

Explanatory Notes to the Tables

3. The banks included in the Statistical Tables have been classified as follows :—

- (i) Reserve Bank of India,
- (ii) Indian banks comprising :
 - (a) The State Bank of India[†] and other Indian scheduled banks ;
 - (b) Indian non-scheduled banks ; *i.e.*, Indian joint stock banks (including State-owned and State-controlled banks) other than those included in the Second Schedule to the Reserve Bank of India Act, and
 - (c) Indian co-operative banks registered under the laws of the States, where they are situated, and
- (iii) Foreign banks comprising scheduled and non-scheduled banks whose registered offices are located outside the Indian Union.

[†] The undertaking of the Imperial Bank of India, including all its assets and liabilities was transferred to the State Bank of India which was inaugurated on July 1, 1955, in pursuance of the State Bank of India Act, 1955.

Banks which carry on the business of banking in any State to which the Reserve Bank of India Act extends and which (a) have paid-up capital and reserves of an aggregate, real or exchangeable, value of not less than Rs. 5 lakhs, (b) are companies as defined in Section 2(2) of the Indian Companies Act, 1913, or corporations or companies incorporated by or under any law in force in any place outside the Indian Union and (c) satisfy the Reserve Bank that their affairs are not being conducted in a manner detrimental to the interest of their depositors, are eligible for inclusion in the Second Schedule to the Reserve Bank of India Act, 1934, and when so included are known as scheduled banks. The scheduled banks are further classified into (a) Indian scheduled banks (Class A1) *i.e.* banks having their registered offices in the Indian Union and (b) foreign scheduled banks *i.e.*, banks having their registered offices outside the Indian Union.

4. The non-scheduled banks have been classified into four classes : A2 banks or banks which have paid-up capital and reserves of Rs. 5 lakhs and above each, but which have not been included in the Second Schedule to the Reserve Bank of India Act ; B banks or banks having paid-up capital and reserves between Rs. 1 lakh and Rs. 5 lakhs each ; C banks or banks having paid-up capital and reserves between Rs. 50,000 and Rs. 1 lakh each ; and D banks or banks having paid-up capital and reserves of less than Rs. 50,000 each. Data relating to D banks are given in the Summary Tables only.

5. Prior to March 1949, any company which used as part of its name the word 'bank', 'banker' or 'banking' was deemed to be, according to the Indian Companies Act, 1913, as amended in 1942, a banking company, irrespective of whether or not banking was its principal business. Under the Banking Companies Act, 1949, however, the business which a banking company may transact has been defined and minimum paid-up capital and reserves, varying with the geographical coverage of a banking company, have been prescribed. The minimum paid-up capital and reserves required of a banking company having only one office, situated outside the city of Bombay or Calcutta, have been fixed at Rs. 50,000. A banking company is required to use as part of its name the word 'bank', 'banker' or 'banking', and a non-banking company is prohibited from using any of these words in its name. The provision with regard to the name came into force on March 16, 1951 and the limitation with regard to capital became applicable on March 16, 1952. The Banking Companies Act was extended to the whole of the Indian Union except the State of Jammu and Kashmir in March 1950 while the Banking Companies Rules were extended to these areas in November 1952.

6. Co-operative banks covered by this publication comprise State and Central co-operative banks, and registered non-agricultural (urban) co-operative credit societies, with limited liability, each having minimum paid-up capital and reserves of Rs. 1 lakh. They are sub-divided into two classes, namely, 'A' banks or banks with capital and reserves of Rs. 5 lakhs and above each, and 'B' banks or banks with capital and reserves ranging between Rs. 1 lakh and Rs. 5 lakhs each.

7. Table 1 :—*Liabilities and Assets of the Reserve Bank of India (Total Business)*. From August 15, 1947 to June 30, 1948 the Reserve Bank of India functioned as the central bank for the Indian Union as well as for Pakistan. The liabilities and assets relating to Pakistan for this period are given in brackets below the consolidated figures for the Indian Union and Pakistan. Notes in circulation since July 1, 1948 include India notes issued prior to Partition and held by the State Bank of Pakistan pending return to the Reserve Bank of India, and India notes returned from Pakistan and awaiting cancellation. Figures are given quinquennially upto 1945 and annually from 1946.

8. Table 2 :—*Liabilities and Assets of the Several Classes of Banks (Total Business)*. This table combines the more important items of liabilities and assets of the State Bank of India, other Indian joint stock banks, foreign banks and co-operative banks. Figures in respect of Indian banks relate to their total business and those of the foreign banks to their business in the Indian Union. The statistics pertaining to foreign banks are compiled from the balance sheets prepared under Section 29 (I) of the Banking Companies Act, 1949. Figures in respect of Indian offices of exchange banks *i.e.* those with registered offices outside India and Pakistan are given in brackets below those of foreign scheduled banks, which also include Indian branches of Pakistan banks.

9. Table 3 :—*Consolidated Position (Weekly) of Scheduled Banks*. The data are compiled from the weekly returns submitted by scheduled banks under Section 42 (2) of the Reserve Bank of India Act, 1934, and relate to their working in the Indian Union. Since May 14, 1954, figures relating to foreign bills purchased and discounted have become available and are shown under column 23. The data in respect of total scheduled bank credit, therefore, include these figures from this date. The annual data are given on a quinquennial basis upto 1950.

10. Table 4 (i) :—*Liabilities and Assets of the Several Classes of Joint Stock Banks, 1954 and 1955*. This table gives the details of liabilities and assets of joint stock banks as given in their balance sheets. For purposes of this table scheduled banks have been sub-divided into (i) State Bank of India, (ii) major Indian scheduled banks, each with deposits of Rs. 25 crores and above, (iii) other Indian scheduled banks, and (iv) foreign scheduled banks. Non-scheduled banks have been sub-divided, according to paid-up capital and reserves, into A2, B, C and D classes as set out in paragraph 4, and foreign non-scheduled banks. In respect of cash balances, loans and advances, and investments, this table contains fuller details than the Detailed Tables or Summary Tables 2 and 6 which have been compiled from returns in a specified form ; as regards deposits, 'current and contingency accounts' have been grouped together in Table 4 (i) while in the Detailed and Summary Tables 'contingency accounts' have been separated from 'current accounts' and have been grouped with 'other deposits' if they are in the nature of deposits or else with 'other liabilities'.

11. Table 4 (ii) :—*Income, Expenditure and Distribution of Profit of the Several Classes of Joint Stock Banks, 1954 and 1955*. This table gives the details of income, expenditure and distribution of profit as given in the profit and loss account and the directors' report to the shareholders. Profit shown in this table refers to profit prior to allocations for taxation, reserves, etc. ; in the case of banks whose accounts show such allocations, necessary adjustments have been made in the figures. The data regarding income, expenditure and distribution of profit relate, in most cases, to the full twelve months. The figures in this table, however, differ from those in Tables 7 (i), (ii) and (iii) which are obtained on a special form covering the earnings and expenses of Indian scheduled, exchange and larger non-scheduled banks. As stated earlier, the data for Table 4 (ii) are based on the profit and loss account as presented in Form B of the Third Schedule of the Banking Companies Act, 1949 in terms of which expenditure and income are shown after making provision for bad and doubtful debts. The statistics covered in Tables 7 (i), (ii) and (iii), however, relate to gross earnings and expenses prior to provision for bad and doubtful debts, bonus to staff and taxes which in some cases feature as items of expenditure in Table 4 (ii) but are not considered as such for the purpose of Tables 7 (i), (ii) and (iii).

12. Table 5 :—*Liabilities and Assets of Indian Joint Stock Banks relating to their Business in the Indian Union and Total Business.* The information relates to joint stock banks registered in the Indian Union and gives separately statistics of their business in the Indian Union and their total business. Some banks could not submit returns for the year 1947 due to the non-availability of the necessary records ; certain other banks had suspended payments temporarily or were not functioning normally during this year. The data relating to these banks were derived from the overall figures in their balance sheets, which were available for the year, and the detailed figures contained in a return for the nearest available date.

13. Tables 7 (i), (ii) (iii) and (iv) :—*Earnings and Expenses of Banks, 1951 to 1955.* Tables 7 (i) and 7 (iii) relate, respectively, to the total earnings and expenses of the Indian scheduled banks, and non-scheduled banks each having paid-up capital and reserves of Rs. 5 lakhs and above. Table 7 (ii) relates to the earnings and expenses of exchange banks in respect of their business in the Indian Union. Table 7 (iv) gives the ratios of the various items of earnings, expenses and net profit to current operating earnings and the ratios of the various items of allocations to net profit. The tables are compiled from special returns submitted by banks. In the interest of uniformity and greater clarity, a few changes have been made in the presentation of data.

14. Table 8 :—*Liabilities and Assets of Indian Co-operative Banks.* The information relates to co-operative banks in the Indian Union and covers banks each having capital and reserves of Rs. 1 lakh and above. The data for this table were supplied by the Registrars of Co-operative Societies in the several States and relate to the co-operative years in the respective States upto 1949-50. From 1950-51, the data are as at the end of June except as regards Jammu and Kashmir whose co-operative year continues to close on September 15. Where the total of the balance sheet was not available, the figure of total of liabilities or total of assets, whichever was higher, was taken.

15. Table 10 :—*Distribution of Banking Offices by Population in the Several States, 1955.* This table gives the statistics of the number of banking offices in the several States of the Indian Union by reference to the population of the places of their location. The population figures were mostly obtained from the 1951 Census and in a few cases from the Regional Census Commissioners and banks themselves ; wherever figures for 1951 were not available, 1941 Census figures have been given. Offices situated in places for which population figures were not available are treated as 'unclassified.'

16. Table 13 :—*Usual Interest Rates Allowed by Major Indian Scheduled and Exchange Banks on Deposits during 1955.* This table presents the rates of interest paid on the largest portion of deposits by exchange and major Indian scheduled banks (each having deposits of Rs. 25 crores and over). The rates are obtained from the quarterly surveys of interest rates on deposits and advances of all scheduled banks.

17. Tables 14 and 16 :—*Deposits and Advances of Scheduled Banks at Various Rates of Interest, 1955.* The data covered in the tables are based on the results obtained from the quarterly surveys of interest rates on deposits and advances covering all scheduled banks while the information published earlier related to selected scheduled banks. Deposits include inter-bank deposits but exclude inter-bank borrowings. Advances relate to loans and advances and include money at call and short notice and due from banks but exclude bills purchased and discounted.

18. Table 15 :—*Interest charged by Joint Stock Banks on Advances, 1955.* The data covered in the table are based on the results obtained from the quarterly surveys of advances. The table has been expanded to give a breakdown of major Indian Scheduled Banks, Exchange Banks and other scheduled banks.

19. Table 17 :—*Interest Charged and Paid by State and Central Co-operative Banks 1951-52 to 1954-55.* The range of interest rates in the case of borrowings relates to all types of deposits, *i.e.*, current account, savings deposits and fixed deposits as well as borrowings from banks. Similarly interest rates on lendings cover lendings to individuals as well as institutions against different types of security and on varying terms. Where single rates alone are given, they refer to the most usual rate of interest, *i.e.*, the rate paid or charged for the largest portion of borrowings or lendings, as the case may be. The rates refer to the entire co-operative year, *i.e.*, July to June of the year concerned.

20. Table 20 :—*Indian Joint Stock Banks which have gone into Liquidation or have otherwise ceased to function.* This table shows the number and capital of joint stock banks which went into voluntary liquidation, or were ordered to be liquidated, or otherwise ceased to function during the year. The data were furnished by the Registrars of Joint Stock Companies. For the years prior to 1948, the statistics relate to undivided India.

21. Tables 23, 24 and 25 :—*Detailed Tables.* Tables 23 (ii), 23 (iv), 24 and 25 are compiled from a special return based on the balance sheet for each individual bank. Tables 24 and 25 relate to the total business of Indian banks including business outside the Indian Union and Indian Co-operative banks. Date of registration or incorporation is shown below the name of the bank. Tables 23 (ii) and 23(iv) relate to the business of foreign banks in the Indian Union as shown in their balance sheets in terms of Section 29 (1) of the Banking Companies Act, 1949. Information available with us shows that the balance of profit or loss given outside the brackets in column 11 of Table 23 (ii) is net of profits transferred to the Head Office by the Exchange Banks. Figures shown inside brackets under columns 9 and 11 of Tables Nos. 23 (iii) and 23 (iv) represent profits earned during the year as per profit and loss account. Those outside the brackets show total profits as per the balance sheet.

22. In Table 24 banks with paid-up capital and reserves of less than Rs. 50,000 are excluded. The name of the town in which the registered office of the bank is located is shown after the name of the bank in column 2. Profit earned during the year as per profit and loss account is shown in brackets by the side of the balance of profit or loss as per balance sheet in column 13. The number of offices of banks outside the Indian Union is shown in brackets by the side of the number in the Indian Union under column 23.

23. Banks which have gone into liquidation or which otherwise ceased to be banking companies during 1955 or which did not submit returns have been excluded from the tables.

24. *Appendices* :—Appendix I gives the names of banks operating in towns of the Indian Union. Banks other than scheduled banks and State co-operative banks are shown in italics. Non-scheduled banks with paid-up capital and reserves below Rs. 50,000, and banks which did not furnish the required data for 1954 and 1955, are excluded. Population figures are shown in brackets against each town. These figures are mainly from the 1951 Census or were obtained from Regional Commissioners and in a few cases from State Governments or banks concerned. Where data for 1951 Census were not

available, figures were taken from the 1941 Census Report. The information in respect of scheduled banks has been brought up to March 31, 1956. The branches which were closed after the date of the balance sheet are indicated by an asterisk. The old names of places are shown in brackets by the side of the new ones.

25. Information in regard to the agents or correspondents abroad of Indian scheduled banks elsewhere than in London has been presented in Appendix IV.

26. Considerable assistance has been received from the Registrars of Joint Stock Companies, the Registrars of Co-operative Societies and from banks in compiling this publication and the Reserve Bank of India thanks them for their co-operation.

* Information regarding offices of scheduled banks is as at March 31, 1956, wherever available, while that regarding non-scheduled banks and co-operative banks is as on the date of the latest balance sheet or return. Non-scheduled banks with capital and reserves below Rs. 50,000 are omitted from this Appendix. Non-scheduled banks which have not sent the required statistics for 1954 and 1955 have also been omitted.

Note—Names of towns and of states, the latter within brackets, are printed in bold type. Banks other than Scheduled Banks and State Co-operative Banks are shown in italics. R. O.=Registered Office; H.O.=Head Office; C. O.=Central Office; B.=Branch; S.B.=Sub-Branch; S.O.=Sub-Office; P.O.=Pay Office; S.P.O.=Sub-Pay Office; T.P.O.=Treasury Pay Office; CH. O.=Cash Office; Cantt.=Cantonment; Munc.=Municipal. Where the Central Office, Head Office and Registered Office are at one place, they are shown as Registered Office only. Number given against a bank indicates the number of its offices in the town. Population figures are according to the 1951 Census, as supplied by the Census Commissioners and banks; where 1951 figures were not available population figures according to 1941 Census have been taken and are indicated by an asterisk (**).

† Office closed since the date of the balance sheet.

‡ Registered, Central, Head or Branch Offices which are not transacting banking business.

Wherever population figures of Cantonment areas are available, they are indicated separately.
