INTRODUCTION

The Statistical Tables relating to Banks in India for the year 1969 is the twenty-eighth in the series since the publication was taken over by the Reserve Bank from the Government of India in 1941. The publication covers banks functioning in India, whether registered in India or abroad. The presentation of data generally follows the pattern of earlier issues. The Summary Tables give the more important items of liabilities and assets of different classes of banks, while the detailed tables give particulars regarding individual banks. The data for 1968 have been revised, wherever necessary, in the light of the information received subsequent to the publication of the 1968 issue of the Tables.

2. The number of banks covered in the Tables are as follows :

	1965	1966	1967	1968	1969

@ Two foreign commercial banks viz. Habib Bank Ltd. and the National Bank of Pakistan Ltd. which have been under the Custodian of Enemy Property since September 7, 1965 were exempted from filing returns for the Statistical Tables from 1966. However, their offices are included in the Appendices I, II & III and in Tables 20, 22, 23, 24(i), 25, 27 and 28.

For 1969, out of 73 scheduled commercial banks and 14 non-scheduled commercial banks functioning at the end of 1969, 71 scheduled commercial banks and 14 non-scheduled banks have been covered in the Tables. The number of functioning Indian scheduled commercial banks at the end of 1969 remained the same as in 1968 since one scheduled bank was amalgamated under Section 45 of the Banking Regulation Act, 1949 with another scheduled bank and one non-scheduled bank became a scheduled bank. The number of functioning non-scheduled banks declined by 3 during the year 1969 as one bank became a scheduled bank and one bank was amalgamated with another bank, while the assets and liabilities of the remaining non-scheduled bank were taken over by a scheduled bank.

3. Data on assets and liabilities of co-operative banks are not included in this publication, but names of offices of co-operative banks, including those of urban co-operative banks with capital and reserves of Rs. 1 lakh and over, are listed in Appendix I of this publication and are covered in Tables 24(ii) and 25, showing the distribution of banking offices by population and States.

4. Banks which carry on business of banking in India and which (a) have paid-up capital and reserves of an aggregate real or exchangeable value of not less than Rs. 5 lakhs, (b) are either State Co-operative banks or companies as defined in Section 3 of the Companies Act, 1956, or corporations or companies incorporated by or under any law in force in any place outside India or institutions notified by the Central Government in this behalf, and (c) satisfy the Reserve Bank of India that their affairs are not being conducted in a manner detrimental to the interests of their depositors, are eligible for inclusion in the Second Schedule to the Reserve Bank of India Act, 1934, and when so included are known as 'scheduled banks.' Thus, the State co-operative banks and commercial banks which fulfil these conditions are eligible for inclusion in the Second Schedule to the Reserve Bank of India Act, 1934. The Scheduled commercial banks are further classified in the Tables into (a) Indian Scheduled commercial banks *i.e.* banks, having their registered offices in India and (b) foreign scheduled commercial banks, *i.e.* banks having their registered offices outside India.

5. In view of the nationalisation of 14 major Indian banks with effect from July 19, 1969, these banks have been shown as a separate group in Tables, 3, 4, 20, 25, 27 and 28 as under:

- A. *Public Sector Banks*
 - (a) State Bank of India
 - (b) 14 major Indian banks (Nationalised Banks)
 - (c) Subsidiaries of the State Bank of India
 - (d) Total
- B. *Private Sector Banks*
 - (a) Other Indian Scheduled Commercial Banks
 - (b) Foreign Banks
 - (c) Total
- C. *All Scheduled Commercial Banks*
- D. *Non-Scheduled Commercial Banks*

For purposes of comparison, the data for the earlier years have also been given in Tables 3, 4 and 20.

6. The item 'Balance of Profit' shown in the detailed Tables 34 (ii), 35 (i) and (ii) represents the balance of profit carried forward. While some banks show in the balance sheet, the balance of profit carried forward after meeting the various appropriations for the year, such as transfers to reserves and provisions for other known liabilities, others show the amount carried forward prior to these allocations. The necessary appropriations are not carried out in the same year's account but

done in the next year's account. For the sake of uniformity, adjustments are made in the balance of profit for such appropriations for the year as indicated in the Directors' report in respect of all banks. The balance of profit reported in the publication would thus represent uniformly the balance carried forward into the next year's account after making all the appropriations for the year, and would not be as per the balance sheet. In the case of the 14 nationalised banks the balance of profit to be transferred to Government in terms of Section 10(7) of the Banking Companies (Acquisition and Transfer of Undertakings) Act 1970, is included under 'other liabilities' as this amount does not represent the profit carried to next year's account.

7. All tables giving information on liabilities and assets of banks (Tables 4, 5, 6, 7, 8, 9, 10, 34(ii), 35(i) and 35(ii)) have been compiled on the basis of information reported in the special return (Form A1) submitted by banks and they relate to 31st December.

8. The data collected under some of the Banking Surveys conducted by the Economic Department of the Reserve Bank of India have been presented in the Tables since its 1965 edition. These relate to 'Investments' and 'Ownership of deposits' of scheduled commercial banks. The data on purpose-wise distribution of advances have not been given in Table 12, as the relevant survey for the year 1969 was not conducted. The information on investments and deposits has been presented in Tables 12(i) and 12(ii) on a comparable basis for certain selected years—1956, 1961, 1966, 1968 and 1969. From 1968, a new Table (Table 26) has been introduced which gives population-wise details of deposits and credit of scheduled commercial banks. This Table gives this information for the years 1956, 1961, 1966, 1968 and 1969. These data are based on the Monthly Survey of Deposits (Form M1), the Fortnightly Survey of Advances (Form 7) and the Survey of Credits and Debits to Deposit Accounts (Form A9).

9. Throughout this publication, the term "commercial banks," is used to indicate banking institutions which are not co-operative banks.

EXPLANATORY NOTES TO THE TABLES

10. Table 1—*Liabilities and Assets of the Reserve Bank of India, 1965 to 69* : The figures are based on the Weekly Statements of Affairs of the Issue and Banking Departments pertaining to the last Friday of the calendar year.

11. Table 2—*Consolidated Position of Scheduled Commercial Banks, 1969 (Weekly)* : The data are compiled from the weekly returns submitted by the scheduled commercial banks under Section 42(2) of the Reserve Bank of India Act, 1934 and relate to their business in the Indian Union.

12. Table 3—*Liabilities and Assets of the Different Classes of Commercial Banks, 1968 and 1969* : This table gives details of liabilities and assets of groups of commercial banks, as given in their balance sheets. The data relate to total business (including that of overseas offices) of Indian banks and the business in India of foreign banks. These are presented separately for (i) the State Bank of India,

(ii) 14 major Indian banks (nationalised banks) (iii) banks* which are subsidiaries of the State Bank of India, (iv) other Indian scheduled commercial banks, (v) foreign scheduled commercial banks and (vi) non-scheduled commercial banks. The figures of assets and liabilities given in this Table may not tally with those given in Table 4 and other tables, as the data in the latter tables are based on the special return (Form A1). Deposits and other items are classified in the special return in accordance with the recommendations of the Committee on Banking Statistics. Unlike the classification of deposits, into 'fixed,' 'savings,' 'current' and 'others,' adopted in the balance sheets and published in Table 3, deposits are classified in the special return (A1) under three categories, namely 'fixed', 'savings' and 'current' accounts and presented accordingly in the subsequent tables. Current deposits in Table 3 include contingency accounts, whereas in other tables (4, 5, 34(ii) and 35) contingency accounts have been separated from current accounts and included in 'other liabilities,' if they are not in the nature of deposits. Further, employees' provident fund deposits and staff security deposits are treated as 'other liabilities' in Tables 4, 5, 34(ii) and 35.

13. Table 4—*Liabilities and Assets of Different Classes of Commercial Banks (Total Business), 1966 to 1969*: This table presents in a consolidated form more important items of liabilities and assets from the data for individual banks given in Tables 34(ii) and 35. Figures in respect of Indian banks relate to their total business *i.e.* business of their offices in India as well as that of their overseas branches and those in respect of foreign banks to their business in India. As referred to earlier, the data reported in this table are, however, not strictly comparable with those shown in Table 3, since the information for Table 4 is compiled from the special return (A1) submitted by banks. Thus, deposits are classified for all banks uniformly under three categories *viz.*, fixed, savings and current. Similarly, reserves, reported in this table represent 'free reserves' and do not include provisions made for specific purposes such as investment depreciation fund, sinking fund, reserve for bad and doubtful debts, provisions for dividend, taxation, pension, provident fund, gratuity, etc. and funds set aside for charity. These provisions are treated as 'other liabilities' for all banks for purposes of Table 4 as well as 5, 34(ii) and 35. The figures of profit made during the year are also shown in Tables 4, 5, 34(ii) and 35 on a uniform basis, after deducting the provisions made for taxation, gratuity and bonus to staff during the year.

14. Table 5—*Liabilities and Assets of Indian Commercial Banks (Indian Business) classified by size of deposits, 1966 to 1969*: The data are based on the special return (A1) submitted by banks. The data relate to business in the Indian Union and are given for four years *viz.* 1966, 1967, 1968 and 1969.

15. Tables 6 to 10:

These tables give the frequency distribution of banks according to ratios of various items of assets and liabilities. The data used for these tables are based on the special return (Form A1) furnished by banks (referred to earlier) and relate to their Indian business.

* (1) The State Bank of Bikaner and Jaipur, (2) The State Bank of Hyderabad, (3) The State Bank of Indore, (4) The State Bank of Mysore, (5) The State Bank of Patiala, (6) The State Bank of Saurashtra and (7) The State Bank of Travancore.

16. Tables 11(i) and (ii)—*Earnings and Expenses of Commercial Banks 1965 to 1969* : These tables are compiled from a special return (Form A2) submitted by banks. The data cover (i) Indian scheduled commercial banks, (ii) non-scheduled commercial banks and (iii) foreign scheduled commercial banks. The information for Indian commercial banks relates to total business while for foreign banks it relates to their business in the Indian Union. The earnings from investments are inclusive of taxes paid at source which have been included in item XIV(a)—Provision for taxes on profits. The balance of profit (item XII) shown in the Table represents profit prior to providing for taxation, gratuity and bonus to staff uniformly in respect of all banks and will, therefore, be higher than the figures of profit made during the year, as shown in Table 4. Information relating to fees and allowances paid to directors and local committee members as well as to profits remitted by foreign banks to their head offices abroad is given separately. The balance of profit to be transferred by nationalised banks to Government under Section 10(7) of Banking Companies (Acquisition and Transfer of Undertakings) Act 1970, is shown under XIV(c)—Dividend, bonuses etc. to shareholders.

17. Table 11 (iii)—*Income and Expenditure of 14 major Indian Banks (Nationalised Banks) for the year 1969*. This Table is compiled on the basis of Profit and Loss Accounts of the 14 major Indian banks (nationalised banks) for the year 1969 for the two periods, January 1, 1969 to July 18, 1969 and July 19, 1969 to December 31, 1969.

18. Tables 12(i) and (ii)—*Investments and Ownership of Deposits of Scheduled Commercial Banks, 1956 to 1969* : The data are based on the Surveys conducted by the Banking Division of the Economic Department of the Bank and special returns are called for from banks for the purpose. The data are given for five years 1956, 1961, 1966, 1968 and 1969. The information is given only for scheduled commercial banks.

19. Table 13—*Deposits of Scheduled Commercial Banks at various Rates of Interest, 1965—April 1969* : The data were based on the half-yearly returns submitted by all commercial banks to the Deposit Insurance Corporation till December 1966 and covered only deposits which are assessable for the purpose of deposit insurance premia. From the year 1967, the data are compiled on the basis of the Survey of Interest Rates on Deposits and Advances (Form H2) conducted by the Banking Division of the Economic Department as on the last Friday of April and October every year. The data relate to June and December for the years 1965 and 1966, April and October for the years 1967 and 1968 and to April 1969. The data covered total deposits including inter-bank deposits which have been excluded since April 1968. For purposes of this Table, banks are classified into (i) Indian commercial banks which were members of the erstwhile Inter-Bank Agreement on Maximum Rates of Interest on Deposits and the State Bank of India, subdivided into five groups according to the size of their deposits, (ii) Foreign commercial banks and (iii) commercial banks which were not signatories to the Inter-Bank Agreement on Deposit Rates.

20. Table 14—*Advances of Scheduled Commercial Banks at Various Rates of Interest April 1968, October 1968, and April 1969* : The data relate to all scheduled commercial banks and are as on the last Friday of April and October. Advances relate to total loans and advances as reported for the Survey of Interest Rates on Deposits

and Advances referred to in the previous paragraph, and exclude 'money at call and short notice' and bills 'purchased and discounted'.

21. Table 17—*Money Rates, 1969* : The data are compiled by the Department of Statistics on the basis of weekly returns received by them from the local head offices of selected scheduled commercial banks, giving the rates at which different types of deposits are accepted by them during the reporting week and corresponding amounts of deposits. The rates given in the table are weighted average rates for the month exclusive of brokerage, the weight being proportional to the deposits accepted at each rate during the period.

22. Table 20—*Offices of Scheduled and Non-scheduled Commercial Banks in India, 1965-69* : The number of offices as on December 31, are given separately for different classes of commercial banks *viz.*, the State Bank of India, 14 major Indian banks (nationalised banks), Subsidiaries of the State Bank of India, other Indian scheduled commercial banks, foreign banks and non-scheduled commercial banks.

23. Table 22—*Distribution by State of Offices, Deposits and Bank Credit in India of all Commercial Banks, 1968 and 1969* and Table 23—*Distribution by State of Offices, Deposits and Bank Credit in India of Scheduled Commercial Banks, 1968 and 1969* : These tables are based on data obtained from the returns on Form A1 submitted by both scheduled and non-scheduled commercial banks. The data relate to the last day of the calendar year and exclude administrative, seasonal and temporary offices of commercial banks as in Tables 20, 24 (i), 25, 27 and 28. The per capita figures of deposits, bank credit, and population per office are based on the mid-year estimates of population worked out by the office of the Registrar-General of India.

24. Tables 24(i) and (ii)—*Distribution by Population of Offices of Commercial and Co-operative Banks in Different States, 1969* and Table 25—*Distribution by Population of Offices of the Different Classes of Banks as at the end of 1969* : Table 24(i) shows the number of offices of commercial banks classified by the size of the population in the different States of the Indian Union, while Table 24(ii) gives similar data in respect of offices of co-operative banks. Table 25 gives the number of offices of commercial and co-operative banks and the number of places classified by the size of population. The information about offices of commercial banks is based on their returns on Form A1 and for co-operative banks it is received from the Registrars of Co-operative Societies of the different States. Data in respect of commercial banks are as on December 31, 1969 while those relating to co-operative banks are as on June 30, 1969. The population figures are based on the 'Census of India 1961—Final Population Figures,' published by the Census Commissioner of India and the data supplied by the Superintendent of Census Operations for the respective States. Figures of average population per office in each population group are arrived at by dividing the total population of the places where these offices are located by the total number of bank offices (commercial and co-operative) in each group. However, the average population per banking office for the Indian Union as a whole is worked out on the basis of the country's estimated population for the year 1969. Offices situated in places for which population figures were not available are included under 'unclassified.'

25. Table 26—*Distribution by Population of Scheduled Commercial Banks' Deposits and Credit, 1956-1969* : This table gives details of deposits and credit for the years 1956 1961, 1966, 1968 and 1969 classified into different population groups. Data given in this table relate to scheduled commercial banks and are derived from (i) Monthly Survey of Deposits (Form M1), (ii) Fortnightly Survey of Advances (Form 7) and (iii) Survey of Credits and Debits to Deposit Accounts with scheduled commercial banks (Form A9).

26. Table 27—*Regional Distribution of Offices Opened or Closed in India by Commercial Banks, 1969* : This table gives the number of commercial banking offices opened and closed in the different States and Union Territories and the net change in the number of offices during the year as well as the number of offices in existence as on December 31, 1969.

27. Table 28—*Distribution by Population Groups of Offices Opened or Closed by Commercial Banks, 1969* : This table gives the number of commercial banking offices opened and closed and the net change in the number of offices during the year, as well as the number of offices in existence as on December 31, 1969. This is presented for the same population groups and categories of banks as in Table 27. Population figures are based on the 1961 Census.

28. Table 29—*Liabilities and Assets in Foreign Countries (excluding Pakistan) of Indian Scheduled Commercial Banks, 1968 and 1969* : The data are compiled from the monthly returns submitted by the banks relating to their foreign business. As the offices of Indian banks in Pakistan were taken over by the Custodian of Enemy Property, Pakistan in 1965, no returns have been received in respect of them. The table, therefore, does not give figures relating to the business of Indian banks in Pakistan. The cash ratio is the ratio of cash and balances with central bank of the country, in which the banks are operating, to total deposits in that country.

29. Tables 32(i) and (ii)—*Commercial Banks which have been amalgamated, have transferred their Liabilities and Assets to Other Banks, have gone into liquidation or have been classified as Non-Banking Companies or struck off the Register, 1965-69* : Table 32(i) shows the number (with their capital and deposits) of banks which have been amalgamated with others either on a voluntary or compulsory basis, under the Banking Regulation Act, 1949 ; banks which have transferred their liabilities and assets to other banks under the Companies Act, 1956 and banks whose business was acquired by the State Bank of India and its subsidiaries under the State Bank of India (Subsidiary Banks) Act, 1959. Table 32(ii) covers banks which have gone into voluntary or compulsory liquidation, banks which have been classified as non-banking companies under Section 36A(2) of the Banking Regulation Act, 1949 and banks which were struck off the register under the Companies Act, 1956. The data on paid-up capital and deposits are as on or about the date of amalgamation, transfer of liabilities and assets, liquidation or classification as non-banking companies. The banks which have already been included in Table 32 (i) are not included in Table 32(ii), in order to avoid double counting of banks which first transferred their liabilities and assets to other banks and subsequently went into liquidation or converted themselves into non-banking companies.

30. Table 33—*Unclaimed Deposits held by Commercial Banks, 1964-1968* : The data relate to deposit accounts in India which have not been operated upon for 10 years or more as on December 31, every year, and are based on returns submitted by banks on Form XI under Section 26 of the Banking Regulation Act, 1949.

31. Tables 34 and 35—*Liabilities and Assets of Foreign and Indian Commercial Banks, 1968 and 1969* : Table 34 (ii) and 35 are compiled from the special return on Form A1 submitted by banks. Table 34(i) relates to total business of foreign banks based on their global balance sheets, while 34 (ii) relates to their business in India as reported in the special return mentioned above. Data given in Table 35 relate to total business of Indian banks (inclusive of business of foreign branches of these banks). As stated earlier, deposits are given under three categories *viz.* 'fixed,' 'savings' and 'current'. Investments are also shown under three categories, *viz.* 'Government Securities' 'Other approved securities' and 'Other investments.' The 'Balance of profit or loss' shown in the table indicates the balance carried forward to the next year's account after making all the appropriations such as transfers to reserves, provisions for dividend and other purposes. In the case of the 14 nationalised banks the balance of profit to be transferred to Government in terms of Section 10(7) of the Banking Companies (Acquisition and Transfer of Undertakings) Act 1970 is included under 'other liabilities' as this amount does not represent the profit carried to next year's account. Profit or loss made during the year reported here represent the net amount after providing for tax, gratuity and bonus to staff. The profit after tax gratuity and bonus earned by the 14 major Indian banks (nationalised banks) during the period July 19, 1969 to December 31, 1969 is shown in brackets, along with the profits for the whole year. The date of registration or incorporation is shown below the name of each bank. In Table 35, the name of the town in which the registered office of the bank is located, is shown after the name of the bank in column 2. The number of offices of banks outside India is shown in brackets alongside the number of offices in India under column 26.

EXPLANATORY NOTES ON THE APPENDICES

32. Appendix I—*Banks and their Branches, Sub-Offices and Pay-Offices in the Indian Union* : This Appendix gives the names of banks operating at various places in India. Banks other than scheduled commercial banks and State co-operative banks are shown in italics. Commercial and co-operative banks which did not furnish the required data both for 1968 and 1969 are excluded. The name of the district and State in which the place is situated is shown against each place, the former being indicated in italics. Population figures are also given against each place and are based on the 'Census of India, 1961—Final Population Figures', published by the Census Commissioner of India and the population data supplied by the Superintendents of the Census Operations of the respective States. Offices of co-operative banks reported by the Registrar of Co-operative Societies as functioning on June 30, 1969 are listed, while the information on commercial banks relates to September 30, 1970.

33. Appendix II—*Offices, Deposits and Bank Credit of Commercial Banks—District-wise and Centre-wise* : This gives data on offices, deposits and advances and bills purchased and discounted by commercial banks. Data for centres having offices of less than three commercial banks are included under 'others.' The data are based on the special return on Form A1 submitted by banks.

34. Appendix III—This gives State-wise information on the banks functioning and the number of offices of each bank in the State.

35. Appendix IV—This gives information on Lead districts allotted to the public sector banks, the Andhra Bank, Ltd. Bank of Rajasthan Ltd. and Punjab and Sind Bank Ltd. in different States.

36. It is a pleasure to record here the Reserve Bank's appreciation of the co-operation and assistance that have readily been offered by banks, Registrars of Companies and Co-operative Societies, the Registrar-General and Superintendents of Census Operations and the Director-General, Posts and Telegraphs in connection with compilation of data for this publication.

Note:—1. Information regarding offices of commercial banks is as on September 30, 1970, wherever available, while that regarding co-operative banks is as on the date of the latest balance sheet or return. Non-scheduled banks which have not sent the required statistics for 1968 and 1969 as well as those in liquidation or refused licence under Section 22 of the Banking Regulation Act, 1949, in 1969 have also been omitted. In respect of co-operative banks, offices of (i) State Co-operative Banks, (ii) Central Co-operative Banks and (iii) Urban Co-operative Banks, Banking Unions and Industrial Co-operative Banks with capital and reserves of over Rs. 1 lakh, as reported by the Registrars of Co-operative Societies are included. The names of the districts and States are based on the information furnished by the banks and available in the "Census of India, 1961."

2. Names of places and of States, the latter within brackets, are printed in bold type. The name of the district is shown before the name of the State in italics. Banks other than Scheduled Banks and State Co-operative Banks are shown in italics. R.O.=Registered Office; H.O.=Head Office; C.O.=Central Office; A.O.=Administrative Office; L.H.O.=Local Head Office; B.=Branch; S.B.=Sub-Branch; S.O.=Sub-Office; P.O.=Pay Office; S.P.O.=Sub-Pay Office; T.P.O.=Treasury Pay Office; CH. O.=Cash Office; Cantt.=Cantonment; Muncil.=Municipal. Where the Central Office, Head Office and Registered Office are at one place, they are shown as Registered Office only. Registered, Central, Administrative, Head or Branch Offices not transacting banking business are indicated as †. Number given against a bank indicates the number of its offices. The figures shown in brackets indicate the population of the places; these are based on the "Census of India, 1961—Final Population Figures" published by the Census Commissioner, India, and the data supplied by the Superintendents of Census Operations in the various States. Wherever population figures of Cantonment areas are available, they are indicated separately.

ALLOCATION OF DISTRICTS TO THE INDIAN SCHEDULED COMMERCIAL BANKS UNDER THE 'LEAD BANK' SCHEME

The External Boundary of India on the map agrees with the Record Copy certified by the Survey of India.

Based upon Survey of India map with the permission of The Surveyor General of India. The territorial waters of India extend into the sea to a distance of twelve nautical miles measured from the appropriate base line.

Bhutan is a state in special treaty relations with India.

The boundary of Meghalaya shown on this map is as interpreted from the Assam Reorganisation (Meghalaya) Act, 1969, but has yet to be verified.

Meghalaya is an autonomous state within the state of Assam.
