After first year, vendor shall submit a BG equal to 10% of contract value* valid for next two years of contract period . The format of PBG can be seen at Section VII. If performance of the system is not upto the mark during this one year, then PBG will be forfeited. <i>* Contract Value : The quoted amount Grand Total (A+B+C) in the price bid (separate Part 2 floated by College) i.e. the sum of the quoted amounts for Hardware Requirement (A), Initial RFID Tagging and Reconciliations services (B) and Half-yearly Addition/ Replacement of RFID tags and Half-yearly Reconciliation services (C).</i>
3.9	Annual Maintenance Charges (AMC):
	College may enter into an AMC with vendor for next two years (after successful completion of initial three years contract period). The rate for AMC shall be worked out based on the following formula and the rates quoted in the contract for quarterly addition/ replacement of RFID tags and half-yearly reconciliation services. $\text{Renewal Formulae} = A_c = A_p \times (CPI_c / CPI_p)$ Where:

Ac = Charges for half-yearly addition/ replacement of RFID tags and half-yearly reconciliation services for current period,

Ap = Charges for half-yearly addition/ replacement of RFID tags and half-yearly reconciliation services for previous period,

CPIc = Consumer Price Index for Industrial Workers (All India Average) 6 months prior to the commencement date of renewed contract for the current period,

CPIp = Consumer Price Index for Industrial Workers (All India Average) 6 months prior to the commencement date of contract for the previous period.

During the period of two years of AMC, the cost of RFID tags shall be paid as per actuals with 15% OH & profits. Original purchase bill needs to be submitted for payment. College reserves the right to verify the rates as submitted by the vendor. Vendor shall submit a BG equal to 10% of new contract value valid for two years of AMC period. The period of AMC can be extended by mutual agreement between the College and Vendor at revised rates as per the above indicated formula.

1. We undertake to indemnify you and keep you indemnified from time to time to the extent of INR _____ (INR _____ only) against any loss or damage caused to or suffered by or that may be caused to or suffered by you by reason of any breach or breaches on the part of the Contractor of any of the terms and conditions contained in the said Contract and in the event of the Contractor making any default or default in carrying out any of the work under the said Contract or otherwise in the observance and performance of any of the terms and conditions relating thereto in accordance with the true intent and meaning thereof, we shall forthwith on demand pay to you such sum or sums not exceeding in total the said sum of INR _____ (INR _____ only) as may be claimed by you as your losses and/or damages, costs, charges or expenses by reason of such default on the part of the Contractor.
2. Notwithstanding anything to the contrary, your decision as to whether the Contractor has made any such default or defaults and the amount or amounts to which you are entitled by reasons thereof will be binding on us and we shall not be entitled to ask you to establish your claim or claims under this Guarantee but will pay the same forthwith on your demand without any protest or demur.
3. This guarantee shall continue and hold good until it is released by you on the application by the Contractor after expiry of the relative guarantee period of the said Contract and after the contractor had discharged all his obligations under the said Contract and produced a certificate of due completion of the work under the said contract and submitted a “No Demand Certificate”, provided always that this guarantee shall in no event remain in force after the day of _____ without prejudice to your claim or claims arisen and demanded from or otherwise notified to us in writing before

the expiry of six months from the said date which will be enforceable against us notwithstanding that the same is or are enforced after the said date.

4. Should it be necessary to extend this guarantee on account of any reason whatsoever, we undertake to extend the period of this Guarantee on your request till such time as may be required by you. Your decision in this respect shall be final and binding on us.

5. You will have the fullest liberty without effecting this guarantee from time to time to vary any of the terms and conditions of the said contract or extend the time of performance of the Contractor or to postpone for any time or from time to time any of your rights or powers against the Contractor and either to enforce or forbear to enforce any of the terms and conditions of the said Contract and we shall not be released from our liability under this guarantee by the exercise of your liberty with reference to matters aforesaid or by reason of any time being given to the Contractor or any other forbearance, act or omission on your part or any indulgence by you to the Contractor or by any variation or modification of the said contract or any other act, matter or things whatsoever, which under the law relating to sureties would but for the provisions hereof have the effect of so releasing us from our liability hereunder provided always that nothing herein contained will enlarge our liability hereunder beyond the limit of INR _____ (INR _____ only) as aforesaid.

6. This guarantee shall not in any way be affected by your taking or varying or giving up any securities from the Contractor or any other person, firm or company on its behalf or by the winding up, dissolution, insolvency or death as the case may be, of the Contractor.

7. In order to give full effect to the guarantee herein contained you shall be entitled to act as if we were your principal debtors in respect of all your claims against the Contractor hereby guaranteed by us as aforesaid and we hereby expressly waive all our rights of surety-ship and other rights, if any, which are in any way inconsistent with any of the provisions of this guarantee.

8. Subject to the maximum limit of our liability as aforesaid, this guarantee will cover all your claim or claims against the contractor from time to time arising out of or in relation to the said contract and in respect of which your claim in writing is lodged on us before expiry of six months from the date of expiry of this guarantee.

9. Any notice by way of demand or otherwise hereunder may be sent by special courier, telex, fax or registered post to our local address as aforesaid and if sent by post, it shall be deemed to have been given when the same has been posted.

10. This guarantee and the powers and provisions herein contained are in addition to and not by way of limitation of or substitution for any other guarantee or guarantees heretofore given to you by us (whether jointly with others or alone) and now existing

uncancelled and that this guarantee is not intended to and shall not revoke or limit such guarantee or guarantees.

11. This guarantee shall not be affected by any change in the constitution of the contractor or us nor shall it be affected by any change in your constitution or by any amalgamation or absorption thereof or therewith but will ensure to the benefit of and be available to and enforceable by the absorbing or amalgamated company or concern.

12. Any forbearance, act or omission on the part of the Bank in enforcing any of the conditions of the said tender or showing of any indulgence by the Bank to the Tenderer shall not discharge the Surety in any way and the obligations of the Surety under this guarantee shall be discharged only on the intimation thereof being given to the Surety by the Bank.

13. This guarantee is irrevocable during the period of its currency and shall not be revoked without your previous consent in writing.

14. We further agree and undertake to pay you without demur the amount demanded by you in writing notwithstanding any difference or dispute or controversy that may exist or arise between you and contractor or any other person.

15. Notwithstanding anything contained herein above our liability under this guarantee is restricted to INR _____ (INR _____ only). Unless a written claim is lodged on us for payment under this guarantee within six months from the date of expiry, including extensions if any, of this guarantee all your rights under the guarantee shall be forfeited and we shall be deemed to have been released and discharged from all liabilities thereunder, irrespective of whether or not the original guarantee is returned to us.

16. We have power to issue this guarantee in your favor under the Memorandum and Articles of Association of our Bank and the undersigned has full power to execute this Guarantee under the Power of Attorney granted to him by the Bank.

Annexure D: Responsibilities and Deliverables for Services in Scope

3. Initial tagging of fixed assets and reconciliation (One-time activity):

Before start of this activity vendor along with College should jointly finalize detailed schedule for execution of services that fall under one-time activity as per scope outlined in this section.

Vendor should also ensure delivery of required type and no. of RFID tags finalized during bidding and subsequent contracting phase to contracted location of College on time (as per schedule finalized above). Vendors are required to visit College on planned dates. Responsibilities for vendor partner are detailed out in sub-sections below –

3.1. Initial tagging of fixed assets:

- Get latest asset master lists from College with necessary data fields like Internal Inventory Number, Inventory Number, Branch, Dept, Section, Asset Desc, Asset Type etc.
- Identify location/ place of each asset for a particular department with help of coordinator from College and write down indicators for each asset location against Internal Inventory Number in asset master list printout.
- Encode Internal Inventory Number data field for each asset in RFID tag identified for that particular asset.
Print Internal Inventory Number and Inventory Number data fields for each asset on corresponding RFID tag.
Also print Barcode for Internal Inventory Number for each asset on corresponding RFID tag.
- **The configuration of RFID tags shall be carried out in such a way that any reader/ scanner available in the market should be able to detect encoded details of these RFID tags. A confirmation shall be submitted by vendor for compliance to the same.**
Readers/ Scanners shall store scanned data in text format and export the same in excel/ csv with data type for values as 'General' and not 'Text'.
- Affix these RFID tags on corresponding assets. Take placement, position and surface of asset into consideration while affixing RFID tags so as to ensure that RFID readers will be able to scan these tags without any problem during reconciliation.
- After affixing RFID tags for all assets, fill out necessary information in sign-off form provided by College and take signature of coordinator from College indicating completion of given activity. Attach asset master list printout with this sign-off form for easy reference.
- Submit above set of documents to College.
- Repeat above steps for each department.

3.2. First reconciliation of tagged assets:

Refer to sub-sections 3.1/2/3 for reconciliation of tagged assets.

After completion of initial tagging of fixed assets, all assets shall be scanned and this scanned data shall be compared with CBS data provided by College for

reconciliation.

The reconciliation shall be done by comparing CBS data in excel format (provided by College) with scanned data in excel format (scanned by vendor). This comparison of both data sets shall be done in presence of concerned officials. Vendor should submit reconciliation report/ certificate to College with list of assets scanned and any discrepancies observed wrt asset master lists provided by College. After this activity, discuss with College and jointly finalize time window for half-yearly activities.

1.3. Deliverables:

- Report on type and count of RFID tags used.
- Confirmation on encoding practices for RFID tags ([Annexure B](#)).
- Reconciliation report/ certificate based on first scanning of assets data for RBSC premises at a particular location.
- Minutes of governance meeting with College.

4. Addition/ Replacement of RFID tags (Half-yearly activity):

This procedure is to be carried out after every half-year end to -

- Add RFID tags for new/ transferred assets.
- Replace RFID tags in case of reported damage.

Vendor teams are expected to visit to College for the same on half-yearly basis and work towards completing this activity before 10th day of next month after half year end. Responsibilities for vendor partner are detailed out in sub-sections below –

4.1. Addition of RFID tags:

- Get asset lists for all sections from College with information on following -
 - New assets added during previous half- year.
 - Assets transferred to them and also accepted/ updated in system during previous quarter.
- These lists should have necessary data fields like Internal Inventory Number, Inventory Number, Branch, Dept, Section, Asset Desc, Asset Type etc. These lists will be provided at least 3 days prior to vendor's visit so that vendor can estimate no. of new RFID tags needed. Vendor shall ensure configuration and printing on tags before visiting office for tagging purpose.
- Follow the same procedure as mentioned in 1.1. for tagging of new added assets.
- In case of transferred assets, ensure that each such asset is actually physically located in place to which transfer is mentioned. If not, notify the same to coordinator from College and get this transfer done. Then remove old RFID tag on transferred asset and add new RFID tag as per same procedure mentioned in 1.1. Please note that old tag needs to be removed because of old Inventory Number printed on it which gets changed after transfer. Hence caution must be taken to ensure print of new Inventory Number on new tag.
- After affixing RFID tags for all new/ transferred assets, fill out necessary information in sign-off form provided by College and take signature of coordinator from College indicating completion of given activity. Attach asset

list printout with this sign-off form for easy reference.

- Submit above set of documents to College.
- Please ensure that you complete tagging of new/ transferred assets.

4.2. Replacement of RFID tags:

- Get asset lists from College with information of assets reported to have damaged RFID tags during previous half-year (if any). These lists should have necessary data fields like Internal Inventory Number, Inventory Number, Branch, Dept, Section, Asset Desc, Asset Type etc. These lists will be provided at least 3 days prior to vendor's visit so that vendor can estimate no. of replacements required.
- In addition to above asset lists, vendor is also expected to identify damaged tags during reconciliation process and replace them. It is suggested to get few extra tags during visit to College for such type of activity. If RFID tag is damaged due to normal wear & tear or due to any activity from College side, the cost of tag will be reimbursed. If tag is not working due to sensor issue, vendor should replace during contract period without any additional cost to College.
- In case RFID tags on any reported assets have not been damaged, report the same to coordinator from College and answer on any apprehensions/ objections.
- For RFID tags on reported assets that have been verified to be damaged, encode Internal Inventory Number data field for each such asset in new RFID tag allotted for that particular asset.
Print Internal Inventory Number and Inventory Number data fields for each such asset on corresponding RFID tag.
Also print Barcode for Internal Inventory Number for each such asset on corresponding RFID tag.
- Affix these RFID tags on corresponding assets. Take placement, position and surface of asset into consideration while affixing RFID tags so as to ensure that RFID readers will be able to scan these tags without any problem during reconciliation.
- After affixing RFID tags for all such assets, fill out necessary information in sign-off form provided by College and take signature of coordinator from College indicating completion of given activity. Attach asset list printout with this sign-off form for easy reference.
- Submit above set of documents to College.
- Repeat above activities for each department.

2.4. Deliverables:

- Report on type and count of new/ replaced RFID tags.
- Minutes of governance meeting with College.

3. Reconciliation of tagged assets with latest asset master list (Half-yearly activity):

Before reconciliation activity, vendor should complete activities mentioned in sub-section 2.1/2 above i.e. Addition/ Replacement of RFID tags for previous half-year end. After completion of these quarterly activities, reconciliation activity should be taken up.

Reconciliation activity is to be carried out every six months i.e. twice in a year. For the assets as on March 31st it should be finished by April end. Similarly, for the assets as on September 30, it should be finished by October end.

Data for all fixed assets at a particular office location should be captured through RFID readers and exported in Excel. Post that detailed reconciliation should be carried out with latest asset master lists shared by the College. Responsibilities for vendor partner are detailed out in sub-sections below –

3.1. Scanning of fixed assets:

- Get latest asset master lists from College with necessary data fields like Internal Inventory Number, Inventory Number, Branch, Dept, Section, Asset Desc, Asset Type etc.
- Assess asset master lists for each location and estimate approx. time required for scanning of fixed assets for each location.
- Arrange meeting with coordinators from College and jointly finalize time slots for scanning of fixed assets for location.
- Scan fixed assets for all locations during allotted time slots with help of RFID readers. Take help from coordinators from College in case of issues in accessing any area/ cabins/ rooms in any of the locations.

3.2. Reconciliation of scanned data with latest asset master list:

- Extract scanned data for all locations and transfer in excel sheet to workstation allotted by the College.
- Reconcile this scanned data for all location with latest asset master list provided by the College for all these locations.
- Usage of VLOOKUP functions in excel is advisable to match Internal Inventory Number data fields to find out discrepancies. It is recommended that reconciliation of consolidated data from asset master lists for all locations should be done with consolidated scanned data for all departments at one go.
- Detailed explanation of reconciliation using VLOOKUP functions in excel is provided in excel file embedded at the end of this annexure.

3.3. Reporting of discrepancies observed during reconciliation:

Vendor should jointly conduct this exercise with coordinators from College. Goal is to analyse discrepancies observed and take necessary actions to cross verify causes of discrepancies. Post this cross verification, discrepancies can be reported.

Below are some of the pointers for this analysis and subsequent cross verification

- **Scenario 1: Assets present in asset master list but not captured in scanned data (scanned data mismatch for Internal Inventory Number)**
 - Physically verify all such assets with help of coordinators from College.
 - Check if any of these assets have not been tagged before. Also check if any of these assets have damaged RFID tags.
 - Check if any of these assets have been transferred to other office location but not accepted/updated in CBS/Excel.
 - Check if data for any of these assets was not captured during scanning

activity due to issues with RFID readers. Please note this count for reporting purposes.

If yes, scan such assets again and include corresponding records in excel data extracted from RFID readers. Correct corresponding discrepancies observed during reconciliation.

- Check with College if any of these assets have been reported to be lost.
- Analyze reasons for observed discrepancies and mark count for below for reporting purposes –
 - Assets not present in department
 - Assets with no RFID tags
 - Assets with damaged RFID tags
 - Assets transferred to other office location without acceptance/update in CBS/Excel
 - Lost assets
 - Assets not captured during first scan
- **Scenario 2: Assets present in scanned data but not in asset master list (asset master data mismatch for Internal Inventory Number)**
 - Check if any on these assets are present in system but marked for other office location i.e. if transfer for any of these assets was accepted/updated in CBS/Excel by other office location but physical transfer has not happened yet.
 - Check if any of these assets have been written off/marked for disposal and subsequently removed from CBS/excel data but still physically present in office location.
 - Analyze reasons for observed discrepancies and mark count for below for reporting purposes –
 - Assets accepted/updated for transfer in CBS/Excel by other office location but still physically present in old office location
 - Assets written off/marked for disposal in CBS/Excel but still physically present in office location

3.4. Deliverables:

- Report on type and count of new/ replaced RFID tags.
- Reconciliation report and certificate based on scanning of assets data for RBSC office premises at a particular location.
- Minutes of governance meeting with College.
