**Request for Proposal (RFP) for Network Traffic Analysis Solution and Advanced Web Application Firewall - Supply, Installation, Integration, Maintenance and Facilities Management**

Department of Information Technology, Reserve Bank of India desires to implement **Network Traffic Analysis Solution and Advanced Web Application Firewall**. The broad scope of this project includes Supply, Installation, Integration, Maintenance and Facility Management of products and services in respect of proposed **Network Traffic Analysis Solution and Advanced Web Application Firewall**.

For the above project, the Bank invites bids for appointment of Vendor through e-tendering route. This "Request for Proposal" (RFP) is not following Reverse Auction route. The RFP document for the project is hosted on MSTC Limited website.

Steps to be performed by the bidder:

- a. Bidder needs to register themselves on the MSTC website (<https://www.mstcecommerce.com/eprochome/rbi/>). Vendor registration manual is available on MSTC website. Bidder needs to have valid Digital Certificate with signing and encryption rights. The bidders are requested to ensure that they have the same, well in advance. For any assistance for bidding purpose, bidder can contact MSTC e-Procurement team directly (Ms. Archana, Assistant Manager, MSTC, +91-9990673698/022-22872011).
- b. Post successful registration, bidder can access the RFP document and related annexures.
- c. Bidder can upload their respective technical and commercial bids on the above mentioned MSTC portal. It is to be noted that bidders will be able to view and access their own bids only.
- d. The last date for submission of bids is October 7, 2020 at 1500 hrs. on the MSTC website.
